

## Unit 02 Lesson 07 With Power Comes Responsibility

Lesson Plan

DIGITAL CITIZENSHIP IN A CONNECTED CULTURE

© 2010 www.common sense.org

Name:

Hour:

### Being a “Good Digital Christian Citizen” Project:

You are a “Digital Christian Superhero” who has witnessed an act of poor/bad digital citizenship. It is up to you to right the wrong and to help change the poor/bad digital citizen into a good digital citizen.

The possible scenarios are:

- A rumor gets out of hand online.
- Someone’s embarrassing information goes public on the Internet.
- Someone cheats another person out of points in an online game.
- Someone takes information for a paper that another students has posted on the class blog.
- Someone has illegally downloaded a song and is using it in their PowerPoint.
- Come up with your own idea.

Pastor Borchers’ Examples:
